

How to access care

As of April 8, 2020

1

CALL 9-1-1
if you think
you are having
a stroke

Signs you may be having a stroke

2

**EMERGENCY
SERVICES**
will get you
to the care
you need

If you are having an **ACUTE STROKE**

You will go to the
STROKE CENTRE at
BIRCHMOUNT hospital

If you are having a **HYPERACUTE STROKE**

You will go to a **REGIONAL STROKE
CENTRE** (Sunnybrook Health Sciences
Centre or St. Michael's Hospital)

3

**SHN STROKE
CENTRE** will
provide care
faster so you
can return
home sooner

**INTEGRATED
STROKE
UNIT (ISU)**

**STROKE
PREVENTION
CLINIC**

**ACUTE
STROKE
CARE** to treat
your medical
condition

**INPATIENT
REHABILITATION**
to help you begin
getting back your
functional abilities

**FOLLOW UP
CONSULTATION**
after you are
discharged and
leave the hospital
