

How to Use FaceTime

Turn on FaceTime

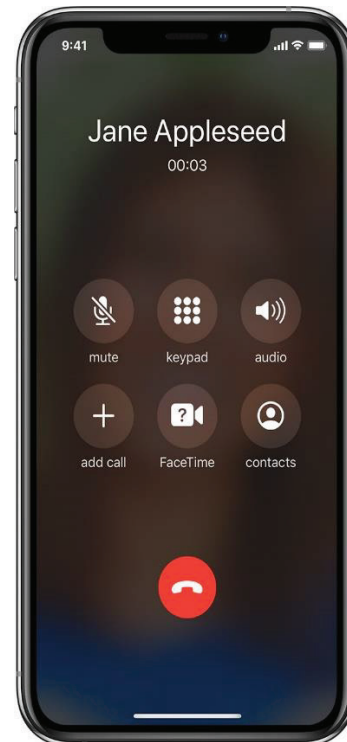

- Open the FaceTime app and sign in with your Apple ID. You can also do this from Settings > FaceTime.
- If you're using an iPhone, FaceTime automatically registers your phone number. To also register your email address on your iPhone, go to Settings > FaceTime > Use your Apple ID for FaceTime, and sign in with your Apple ID.
- If you're using an iPad or iPod touch, register your email address by tapping Settings > FaceTime > Use your Apple ID for FaceTime, and sign in with your Apple ID.

Make a FaceTime call

To make a FaceTime call, you need the person's phone number or registered email address. There are a few ways to make a FaceTime call:

- In the FaceTime app, tap the plus button **+** and type the person's phone number or email address. Tap the number or address, then tap Audio  or Video .
- If you have the person's phone number or email address saved in your Contacts, you can start typing their name and tap the name when it appears. Then tap Audio  or Video .
- You can also start a FaceTime video call from your iPhone during a phone call. Tap the FaceTime icon in the Phone app to switch to FaceTime.
