

Psychiatrists

Department of Psychiatry

Across our three hospitals and eight satellite sites, Scarborough Health Network (SHN) is shaping the future of care. Our many programs and services are designed around the needs of one of Canada's most vibrant and diverse communities. We are home to North America's largest nephrology program, as well as the designated cardiac care and spine centre for Scarborough and surrounding communities to the east. We are proud to be a community-affiliated teaching site for the University of Toronto and partner with a number of other universities and colleges, helping to train the next generation of health care professionals.

The Department of Psychiatry is seeking 2 full-time, permanent staff psychiatrists to join the adult mental health program. A wide range of services are offered at SHN, including inpatient care, three on-site emergency crisis programs, mobile crisis intervention, outpatient care, outreach services and consult liaison programs.

We are seeking psychiatrists with expertise and interest in inpatient psychiatry, crisis, emergency psychiatry, outpatient psychiatry, cultural psychiatry and/or the treatment of Post-Traumatic Stress Disorder, Borderline Personality Disorder. The successful candidate should have an interest in program development and be eligible for academic appointment with the Department of Psychiatry at the University of Toronto.

In joining our hospital, you will have the opportunity to start a full practice, providing specialist assessment and treatment for referrals from community family physicians and other physicians in the hospital system. Patients are well supported, allowing psychiatrists to follow-up with inpatients and refer to multidisciplinary services including substance counselling, depot clinic, clozapine clinic, and evidence-based individual and group psychotherapy. Opportunities for professional growth also exist, including leadership initiatives, teaching (resident education), research, and program development.

You will be joining psychiatrist colleagues on a vibrant team with highly trained mental health nurses, mental health therapists, social workers, substance counsellors and case management support.

Applicants must be eligible for licensure with the College of Physicians and Surgeons of Ontario and be Royal College of Physicians and Surgeons eligible.
