

Locum Anatomic / General Pathologist

Department of Lab Medicine

Across our three hospitals and eight satellite sites, Scarborough Health Network (SHN) is shaping the future of care. Our many programs and services are designed around the needs of one of Canada's most vibrant and diverse communities. We are home to North America's largest nephrology program, as well as the designated cardiac care and spine centre for Scarborough and surrounding communities to the east. We are proud to be a part of the Toronto Academic Health Science Network (TAHSN), and partner with a number of other universities and colleges, helping to train the next generation of health care professionals.

Scarborough Health Network is looking for one (1) Locum Anatomic or General Pathologist to join the Department of Laboratory Medicine for a period of twelve (12) months. The Anatomic pathology services include over 40,000 cases per year supported by immunohistochemical staining services. Cytopathology volumes are approximately 8,500 cases (both gynae and non-gynae), and about 320 bone marrows. Our Pathologists provide direction and supervision of all Clinical Laboratory Services.

In rotation with other members in the Department, the successful candidate will provide on call coverage, general surgical pathology and cytopathology services as well as cover a limited number of hospital autopsies.

Qualifications required are an Independent license with the College of Physicians and Surgeons of Ontario (CPSO). You will also have FRCPC Certification in Anatomic or General Pathology.

Contact:

We invite all interested and qualified candidates to submit an expression of interest and current CV to: mdcareers@shn.ca.

We thank all qualified physicians for their submissions however only successful candidates who qualify will be contacted to attend a pre-application interview. All appointments are subject to an Impact Analysis and Board approval. The hospital reserves the right not to appoint anyone to this position.
