

Neurologist

Department of Medicine

At Scarborough Health Network (SHN), the patient experience comes first. Across our three hospitals and eight satellite sites, SHN is shaping the future of care. Our many programs and services are designed around the needs of one of Canada's most vibrant and diverse communities. We are home to North America's largest nephrology program, as well as the designated cardiac care and spine centre for Scarborough and surrounding communities to the east.

We are proud to be a part of the Toronto Academic Health Science Network (TAHSN) and partner with a number of other universities and colleges, helping to train the next generation of health care professionals. SHN is committed to creating and maintaining a work environment that is committed to wellness, equity and inclusivity.

SHN is looking for a Neurologist to join our current team in the Department of Medicine. This is a great opportunity for a community-based Neurologist to provide patient care in the Department of Medicine at SHN, which provides high-quality, comprehensive clinical services for the East Toronto and West Durham communities. As a staff Neurologist you will be a member of the Department of Medicine and Neurology team, which includes physicians, nurses, allied health professionals and administration. You will be responsible for providing General Neurology consults and have access to EEG, EMG, and MRI amongst other diagnostic tools.

You will be eligible for independent practice licensure with the College of Physicians and Surgeons of Ontario, and hold certification by the Royal College of Physicians and Surgeons of Canada in Neurology. Training and proficiency with EMG is also a plus. Emphasis will be placed on candidates with strong communication skills and experience working in multidisciplinary teams.
