## Department of Pediatrics

Across our three hospitals and eight satellite sites, Scarborough Health Network (SHN) is shaping the future of care. Our many programs and services are designed around the needs of one of Canada's most vibrant and diverse communities. We are home to North America's largest nephrology program, as well as the designated cardiac care and spine centre for Scarborough and surrounding communities to the east. SHN is also a Regional Center for pediatric care with a wealth of medical subspecialists and several targeted pediatric surgical programs. We are proud to be a part of the Toronto Academic Health Science Network (TAHSN) and partner with a number of other universities and colleges, helping to train the next generation of health care professionals.

The Department of Pediatrics at Scarborough Health Network is seeking a Pediatrician to join our team. The successful candidate will be working with a strong, supportive and collegial group of colleagues in a three-site community hospital organization committed to providing high quality, comprehensive clinical services. The successful candidate will have an opportunity for growth - both as an educator and a leader - within the department and organization.

The successful candidates must be eligible for independent practice licensure with the College of Physicians and Surgeons of Ontario, and hold certification by the Royal College of Physicians and Surgeons of Canada in Pediatrics. Emphasis will be placed on candidates with experience working in a community hospital setting. Strong clinical skills and excellent communication skills are an asset.
