

# Orthopedic Surgeon - Arthroplasty

## Department of Surgery

Across our three hospitals and eight satellite sites, Scarborough Health Network (SHN) is shaping the future of care. Our many programs and services are designed around the needs of one of Canada's most vibrant and diverse communities. We are the third largest community hospital in Ontario and are home to North America's largest nephrology program, as well as the designated cardiac care and spine centre for Scarborough and surrounding communities to the east. We are proud to be a part of the Toronto Academic Health Science Network (TAHSN) and partner with a number of universities and colleges, helping to train the next generation of health care professionals.

The Department of Surgery, Division of Orthopedic Surgery, at Scarborough Health Network is seeking a full-time orthopedic surgeon to join our team. The successful candidate will be working with a strong, supportive and collegial group of colleagues in a three-site community hospital organization committed to providing high quality, comprehensive clinical services. Resources for the successful candidate include: trauma and elective OR time, on call responsibilities, and fracture clinic.

The successful candidate must be registered or eligible for licensure with the College of Physicians and Surgeons of Ontario, and have successfully completed a fellowship in Orthopedic Surgery with the Royal College of Physicians and Surgeons of Canada. Experience with Oxford knee surgery, Robotic Hip and Knee arthroplasty, as well as hip arthroscopy is preferred. A trauma fellowship training is an asset.

Emphasis will be placed on candidates with experience working in a community hospital setting as well as candidates with strong communication skills.
